Report of Road Commissioner.

I have drawn orders amounting to \$1827 42.
\$39.55 of this amount was to pay bills of John Morrison, former road commissioner. I have distributed on the roads about 1300 loads of gravel, built and repaired 13 sluices. The state money was expended in Center Rutland on the West Rutland road, at an expense of \$235., the road built being 34 rods long.

Following are the orders drawn by me, also orders drawn by John Morrison and Tyler Hart after the accts. were settled for the year. I did not know until the close of the year that this overdraft of orders drawn by the former road commissioners was to be ch'ged to my account and you will see that the overdraft on the highway acct. is on account of orders drawn by former road commissioners. Orders 1808, 1818, 1823, 1842, 1843, 1865, 1872, 1878, 1956 were destroyed.

School Superintendent's Report.

We have nine schools in our town with about one hundred ninety pupils enrolled. The attendance has been very good, with a few exceptions. In such cases the teachers found it necessary to call upon the truant officers to enforce the school law. One visit to the truant usually had the desired effect.

The school buildings are in good repair and well supplied. During the summer, the building at Center Rutland was painted, adding much to its appearance. We have been without maps in many of our schools, but that defect has been remedied during the year, and now nearly every school in town is supplied with a set of maps.

Our pupils have done good work during the year, thanks to the earnest endeavors of our teachers. We have been fortunate in being able to retain the same teachers throughout the year. In some schools it is impossible to obtain good results, owing to the fact that the parents do not work with the teachers. If the parents would visit the schools more often, and see how the work is being done, I am positive in nearly every case, they would sympathize with the teachers.

If we wish to judge fairly, we must hear both sides of a story. Why not give the teacher a chance? She has the welfare of your children at heart, and if you would consult her when a difficulty arises, I feel certain, in nearly every case, the matter could be explained satisfactorily to both parties.

ELEANOR T. MAUGHAN,
Supt. of Schools.
